

## Calathea Ornata Small

REFERENCE CT3428/10

---

### DESCRIPTION

Born out of the dense and untamable tropical forests, the Calathea plant serves as the inspiration for Serip's new collection, to which it also lends its name, its elegance, and its graciousness. Calathea represents the gentil and delicate movement but imbued with the vital energy that runs through every element of Nature, making them unique. Serip's Calathea pieces are symbols of connection to Earth, to the origin of all Life touches, and, at the same time, embody the luminosity that we need so we can discover the trail that will lead us to the equilibrium, to harmony, to what is beyond ourselves, to a new beginning.
