

SWAN

Bernhard Osann

A graphic symbol, essential lines that accentuate the Swan lamp's great flexibility of movement and functionality. A productive intuition and a sophisticated mechanism make the lamp arm extendable from 134cm to 184cm while preserving the linearity and composure of the design. The adjustable light source offers precise and punctual illumination. The counterweight, an essential part of the design, is covered in Testa di Moro leather.

SWAN

LAMPING

Source	LED board
Total power	15W
Emission	direct
Switching	dimmable on cable
Tension	110-240V
Color temperature	2700K
Luminous flux	839lm
Typ CRI	90
IP class	20
Dimensions	184xmin 165
Materials	Aluminium
Notes	Cable length 3,5m Honeycomb accessory included 60° optics
Net lamp weight	1,5 kg

Codes

SWA LN2 31

Structure

black

PACKAGE

Package 01

Dimension: 196x23x10 cm / Gross weight: 2,5 kg
