

Domus

Joan Gaspar

marset

Architecture, lines and distinctiveness. A bollard light that reveals its empty interior. When switched off, it communes with the natural light and fills with nuances. When switched on, its own light enriches the space, reminiscent of a house with its lights

on inside. A design whose form plays with the light and conceals it, functioning individually but taking on a sculptural feel in combinations.

Ground fixation plate x1

Code	Finish
A734-043	● Stainless steel

Materials
Structure: Stainless steel

Product type: Accessory
Weight: Net 0,15 kg
Package: 19,5 x 29 x 1,7 cm – VOL - 0,001 m³

Ground fixation plate x2

Code	Finish
A734-041	● Stainless steel

Materials
Structure: Stainless steel

Product type: Accessory
Weight: Net 0,30 kg
Package: 31 x 31 x 1,7 cm – VOL - 0,002 m³

Ground fixation plate x3

Code	Finish
A734-042	● Stainless steel

Materials
Structure: Stainless steel

Product type: Accessory
Weight: Net 0,45 kg
Package: 30,5 x 34,5 x 1,7 cm – VOL - 0,002 m³
