

Outono Hamamelis

REFERENCE 5972

DESCRIPTION

Inspired by the nostalgic and dramatic autumn season. The mysterious and melodramatic Outono collection was one of the first collections to embrace the Serip organic style. Designed with a random disposition of glass leaves that look like floating lights embraced by branches. The clear glass gives the collection a totally contemporary look. Ideal for classic and contemporary areas. The flat solutions of the Outono collection are ideal for not very high spaces.
