

Blossom Sillage Small

REFERENCE AP1541/3

DESCRIPTION

On sweet spring mornings, dawn colors pink the sky with cherry blossom ink, as the earth awakens to life once more. Among the season's many wonders, the gladiolus emerges. It begins humbly, a small bulb buried deep in the soil, hidden from sight.

Rising, tall and proud, its blossoms unfurl one by one, climbing steadily toward the sky, carrying within the power to rise, even when the winds are fierce. Delicate in appearance, with ruffled petals and flame-like colors, the gladiolus carries strength in its very foundation. Its roots, anchoring it deep within the earth, hold steadfast through storms. It defies gravity, stretching upward with a quiet defiance, its spirit unyielding. Flame-kissed blossoms ignite the sky, where beauty and power intertwine, showing that strength can indeed be graceful. With roots grounded and petals open to the world, rise high, bloom fearlessly, and shine brightly.

TECHNICAL DRAWING

Finish shown here Metal FO/PB | Glass 10

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
