

Outono Oak

REFERENCE PL290/10

DESCRIPTION

Inspired by the nostalgic and dramatic autumn season. The mysterious and melodramatic Outono collection was one of the first collections to embrace the Serip organic style. Designed with a random disposition of glass leaves that look like floating lights embraced by branches. The clear glass gives the collection a totally contemporary look. Ideal for classic and contemporary areas. The flat solutions of the Outono collection are ideal for not very high spaces.
