

Lámina 45

Antoni Arola. 2023
Floor Lamp

SANTA & COLE

A line of light and a thin aluminum sheet. The elegance of its arch is visible even to the most distracted eyes, soon pleased by the calmness of its reflected light. The concave surface in matte white, intended to ensure optimal light quality without glare, contrasts with a glossy reverse that adds a refined visual effect.

The Lámina family was born aloft as a series of pendant lamps, with a lightness that speaks of intelligence. When standing as luminous sculptures, they stand out against any surface behind them.

General description:

White grey metallic shade with glossy finish (exterior).
Black metal structure with matte finish.
Polycarbonate diffuser.
Dimmer and switch incorporated into the luminaire.
Electric cable length: 2,5 m / 98.4"

Approximate weight (unpacked):

5,2 kg / 11.4 lb

Technical information:

Dimmable light source included
Built-In LED

Rated input wattage: 11 W
Operating current: 500 mA
CCT: 2700 K
CRI: 90
Lifetime: 40.000 h
Luminous flux: 375 lm

Suitable only for indoor use.
Non-replaceable light source.
Input voltage: 110 ~ 277 Vac.
(50 Hz / 60 Hz). According to destination.

SANTA & COLE

A line of light and a thin aluminum sheet. The elegance of its arc is visible even to distracted eyes, soon soothed by the calmness of its reflected light. Its concave surface in matte white ensures optimal light quality without glare, while the glossy reverse provides a refined visual effect.

The Lámina family was born aloft as a series of pendant lamps, with a lightness that speaks of intelligence. Lámina 165 is the longest, the narrowest, and without a doubt, the slenderest—a refined silhouette that, when raised as a luminous sculpture, stands out gracefully against any backdrop.

General description:

White grey metallic shade with glossy finish (exterior).
